Shared Branching Coming Soon!

You've asked for it, and soon we will be offering Shared Branching to our membership! This convenient service lets you use other credit union branches like they were your own. We know that you are busy and may not always be able to make it to the credit union. With Shared Branching, you can conduct your business virtually anywhere—whether you're in Maine, California, or anywhere in between, there is a Shared Branch nearby. You'll be able to do your routine business wherever you are—deposits, withdrawals, and transfers—wherever you see the Shared Branching logo. Simply bring your account number and a photo ID with you when you use another credit union's branch.

We are very excited to offer this service to our members. If you have any questions about Shared Branching or how to use this service, you may contact any of our knowledgeable and friendly service representatives.

Tired of High Bank Fees?

Switch All of Your Accounts to Your Credit Union

You've probably heard recently about the high fees being charged by banks on services that used to be free. A couple of examples are monthly fees to use your debit card as well as new fees for credit card accounts. Many of you who have your checking accounts at a bank are possibly being charged a new monthly fee and are required to keep a higher minimum balance to avoid that fee.

People are angry about these new fees and many are just resigning to the belief that there is nothing they can do.

But you know better! After all, you're a member of this credit union! You know that credit unions don't charge their members crazy fees for services that should be free. You know that credit unions are not-for-profit institutions, don't have shareholders, and don't dole out undeserved million-dollar bonuses to executives.

However, some of you may not use your credit union for everything. You may have loans elsewhere, your checking account at a bank, a bank credit card, etc. It's time to **move your entire financial relationship** here to the credit union! Don't delay! Do it now!

And please tell your friends that are eligible to join our credit union family that there is an alternative to paying all of the fees being charged by their banks. Tell them about your credit union!

Easy PIN Changes

PIN changes can now be executed in our office. If you have forgotten your PIN number, would like a more convenient number, or need to change your PIN number for security purposes, we can do it here. See a Card Service Representative.

There is no charge the first time you utilize this service. Subsequent PIN changes will be \$5.00 each.

IRAs and HSAs

It's not too late to contribute to your 2011 IRA. The cutoff date is not until April 16, 2012. See a Member Service Representative for more information.

We now offer HSA accounts that can be used in conjunction with your regular health plan, upon advice of your tax consultant.

Member Reminders

- After the holidays when it's time to pay bills, it's a great time to start using free online Bill Pay or Visa® Check Card.
- Never give account numbers over the telephone. By doing so, all consumer protection rights will be lost.
- Consolidation loans are a great way to bundle bills in one neat package at a low rate.
- Store checks, deposit slips, bank statements and canceled checks in a safe location. Never leave a checkbook or a Visa Check Card in a vehicle or in the open.
- Be safe in the New Year and guard your account information carefully.

We look forward to serving you in 2012 and wish you and your family a Happy, Healthy, and Prosperous New Year!
